Rocky Flats Field Office

DATE: APR 04 2000

REPLY TO:
ATTN OF: AME:ESD:SR:00-02123

SUBJECT: Announcement of Chronic Beryllium Disease Prevention Program (10CFR850) Program Workshop

TO: Those on Attached List

The Rocky Flats Field Office (RFFO) will be hosting the next workshop on implementing 10CFR850, *Chronic Beryllium Disease Prevention Program* (CBDPP). This workshop is the second of three planned workshops sponsored by the Headquarters Office of Worker Health and Safety, EH-5.

The objective of this second workshop is to bring together Federal officials to ensure a consistent and coordinated review of CBDPP plans. The workshop will be held on Tuesday and Wednesday, May 9 and 10, 2000, in Building 460 at the Rocky Flats Environmental Technology Site (Site) in Golden, Colorado. Videoconferencing will be used to make the proceedings available to representatives unable to travel to the Site. An agenda will be distributed by EH-5 shortly.

A block of rooms has been set aside at the Boulder Broker Inn. A government rate of \$90.00 is available by making reservations before April 12. Please let the Broker Inn know you are with the CBDPP workshop when you call to make reservations at 1-800-338-5407, or locally at 303-444-3330. You will also need to register for the conference by calling Bill Badger (Rocky Flats Field Office) at 303-966-7457.

If you have any questions about the meeting agenda or wish to be placed on the mailing list for further workshop information, please contact Ed Patigalia (EH-5) at 301-903-3972 or email him at ed.patigalia@eh.doe.gov.
